## Research Interests

### Deep Reinforcement Learning

My primary research goal is building intelligent agents to learn and act in complex environments. To this end, i am interested in deep reinforcement learning. Currently, i am working on deep reinforcement learning for challenging video games (e.g. StarCraft II) at the [Autonomous Systems Labs, TU Darmstadt](#).

### Deep Learning

I am broadly interested in deep learning foundations and applications. Thus far, i have worked on end-to-end deep learning for computer vision, particularly for motion estimation [1] and object detection.

## Education

2014–Present **B.Sc., Computer Science**, *Technische Universität Darmstadt*, Germany.

Expected graduation: March 2018

Future **M.Sc., Computer Science**, *Technische Universität Darmstadt*, Germany.

Expected starting date: April 2018

## Publications

### Peer-Reviewed Conference Papers

- [1] S. Meister, J. Hur, and S. Roth. [UnFlow: Unsupervised Learning of Optical Flow with a Bidirectional Census Loss](#). In *AAAI Conference on Artificial Intelligence (AAAI)*, New Orleans, Louisiana, Feb. 2018. **Oral presentation**. [GitHub](#).

## Bachelor thesis

title Motion R-CNN: Instance-level 3D Motion Estimation with Region-based CNNs  
supervisors Professor [Stefan Roth](#) & M.Sc. [Junhwa Hur](#)

## Honors & Awards

2013 **Christian Ernst Neef-Preis**, [Physikalischer Verein Frankfurt](#).

Awarded for work on massively parallel physics simulation conducted during the "Jugend forscht" youth science competition (national level).

## Technical Experience

Advanced Python, NumPy, C, C++, TensorFlow, PyTorch, Linux, Git  
Intermediate  $\LaTeX$ , CUDA, OpenGL, Matlab, Java

## Biographic Information

Languages English (fluent), German (native)

## Formative Courses

Technische Universität Darmstadt

Statistical Machine Learning (1.0), Computer Vision 1 (1.0), Project Lab Deep Learning for Computer Vision (1.0), Deep Learning for Natural Language Processing (1.7), Robot Learning (ongoing), Integrated Project Robot Learning (ongoing)

Online

**Machine Learning**, *Andrew Ng*, [Stanford University](#).
